STATE WATER RESOURCES CONTROL BOARD

In the Matter of License 2635 (Application 9307)

Liayas S. Telase

ORDER REVOKING LICENSE

SOURCE: Unnamed Stream tributary to Carmel River

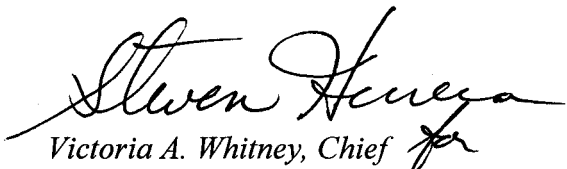

COUNTY: Monterey

WHEREAS:

1. The Licensee requested on March 27, 2007 that the License be revoked by the State Water Resources Control Board (State Water Board), Division of Water Rights (Division).
2. The Division interprets the Licensee's request for revocation as a waiver of the notice and hearing requirements set forth in Water Code sections 1675 through 1675.2.

Therefore, it is ordered that License 2635 is hereby revoked by the State Water Board, and the water is declared to be subject to appropriation. This revocation may not result in additional water being available for new appropriations if there are applicable restrictions due to past State Water Board decisions regarding water availability.

DIVISION OF WATER RESOURCES

License for Diversion and Use of Water

LICENSE 2635

PERMIT 5199

APPLICATION 9307

THIS IS TO CERTIFY, That **William A. Cook and Angela Serrano Cook, Notice of Change (Over)**
Monterey, California

as of May 21, 1943 (the date of inspection) **have** made proof to the satisfaction of the Division of Water Resources of California of a right to the use of the waters of **an unnamed stream in Monterey County**

tributary of **Carmel River**

for the purpose of **irrigation and domestic uses**

under Permit **5199** of the Division of Water Resources and that said right to the use of said waters has been perfected in accordance with the laws of California, the rules and regulations of the Division of Water Resources and the terms of the said permit; that the priority of the right herein confirmed dates from **June 3, 1938;**

that the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited to the amount actually beneficially used for said purposes and shall not exceed **five hundredths (0.05) cubic foot per second of approximately thirty-two thousand five hundred (32,500) gallons per day from about April 1 to about November 1 of each season and throughout the remainder of the year as required for domestic purposes.**

In case of rotation the equivalent of such continuous flow allowance for any thirty day period may be diverted in a shorter time if there be no interference with other vested rights.

This license is based on the use of water made during the year 1941 which was the year of maximum use within the three year period preceding the date of inspection; namely, May 21, 1943.

The point of diversion of such water is located North six hundred (600) feet and West twenty (20) feet from the S.E. corner of Lot 1 of Section 22, T 16 S, R 1 E, M.D.B. & M., being within said Lot 1 of Section 22.

A description of the lands or the place where such water is put to beneficial use is as follows:

Domestic use and irrigation of 6 acres within Lot 1 of Section 22, T 16 S, R 1 E, M.D.B. & M.

The Water Commission Act was superseded by the Water Code on August 4, 1943. By force of the provisions of the latter, all references in this form to the Division of Water Resources will be understood to mean the Department of Public Works acting by and through the State Engineer.

All rights and privileges under this license including method of diversion, method of use and quantity of water diverted are subject to the continuing authority of the Division of Water Resources in accordance with law and in the interest of the public welfare to prevent waste, unreasonable use, unreasonable method of use or unreasonable method of diversion of said water.

Reports shall be filed promptly by licensee on appropriate forms which will be provided for the purpose from time to time by the Division of Water Resources.

The right to the diversion and use of the water aforesaid hereby confirmed is restricted to the point of diversion herein specified and to the lands or place of use herein described.

1

This license is granted and licensee accepts all rights herein confirmed subject to the following provisions of the Water Code:

Section 1625. Each license shall be in such form and contain such terms as may be prescribed by the department.

Section 1626. All licenses shall be under the terms and conditions of this division (of the Water Code).

Section 1627. A license shall be effective for such time as the water actually appropriated under it is used for a useful and beneficial purpose in conformity with this division (of the Water Code) but no longer.

Section 1628. Every license shall include the enumeration of conditions therein which in substance shall include all of the provisions of this article and the statement that any appropriator of water to whom a license is issued takes the license subject to the conditions therein expressed.

Section 1629. Every licensee, if he accepts a license, does so under the conditions precedent that no value whatsoever in excess of the actual amount paid to the State therefor shall at any time be assigned to or claimed for any license granted or issued under the provisions of this division (of the Water Code), or for any rights granted or acquired under the provisions of this division (of the Water Code), in respect to the regulation by any competent public authority of the services or the price of the services to be rendered by any licensee or by the holder of any rights granted or acquired under the provisions of this division (of the Water Code) or in respect to any valuation for purposes of sale to or purchase, whether through condemnation proceedings or otherwise, by the State or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the State, of the rights and property of any licensee, or the possessor of any rights granted, issued, or acquired under the provisions of this division (of the Water Code).

Section 1630. At any time after the expiration of twenty years after the granting of a license, the State or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the State shall have the right to purchase the works and property occupied and used under the license and the works built or constructed for the enjoyment of the rights granted under the license.

Section 1631. In the event that the State, or any city, city and county, municipal water district, irrigation district, lighting district, or political subdivision of the State so desiring to purchase and the owner of the works and property can not agree upon the purchase price, the price shall be determined in such manner as is now or may hereafter be provided by law for determining the value of property taken in eminent domain proceedings.
